Creating a Patrol

- Patrols will be formed of 6-8 young people, including a Patrol Leader aged 18-22
- The recruitment of patrols will be channeled through Counties and Regions
- Counties will have the opportunity to put forward and underwrite each patrol, like they would with a Jamboree Unit through the UK Contingent Point of Contact
- Neighbouring counties may work together to recruit full patrols if they are unable to do so independently
- Patrol Leaders will need to hold a valid Nights Away Permit at the time of the event.

Patrol Leader Testimonial

"Being a Patrol Leader was both an exciting opportunity but also a lot of fun. I was responsible for keeping in touch with the Contingent Management Team whilst on our path, feeding back to the international hosts and ensuring my patrol were safe and happy.

Whilst it may seem like a big responsibility, you are well supported at every stage and it helped me develop skills I constantly use in my personal, professional and Scouting life."

James Wylie – Patrol Leader, Roverway 2016
